Good Afternoon, Frank,

Can you please let me know if I will need to seek an attorney to help resolve these inappropriate, vulgar, violent, hateful BLM book and content that contains sexual matter? Chris Andriski has never resolved this matter; David Ryan has never once gotten back to me which is no surprise as I hear complaint after complaint at the SAU16 board meetings. The lack of trust and true leadership is a serious problem throughout the entire SAU16. What is especially disconcerting is the lack of trust of what used to be a nice little school in beautiful Kensington. School here has gone down the drain!

I hear from my teacher friends in Maine and in NH that they are being forced to read this material to students. This made my daughter extremely uncomfortable. When I asked how this book being read to her class made her feel she stated disrespected. The fact the book is not even accurate history contains, gun violence, gangs, gang colors, rioting, looting, burning buildings down, "white cops" killing black people, BLM is UNACCEPTABLE! The book also contained making out/kissing, swapping saliva, budding breasts, panties with hearts. White privilege is all over this book along with BLM. What is sad is that this book has an underlying tone that white people and police officers are against black people all the way down to how white people look at a black person (page 22).

Our child is significantly behind, and this is what is being taught in our school? This is SHAMEFUL! The so-called professionals that are allowing this in school need to be disciplined! I don't think Kesey Plourde/Curley would read this to any of her three children. So why is it okay for her to read this to our child along with the entire Silver Cohort? All that is done is the administration run parents around in circles and leave you with no answer other than this is part of their DEI-J program. Nonsense!

Most parents shelter their children from the evening news. Why wasn't the 2 week opt out notice given to parents? Do I need to contact parents in the entire class to let them know their right were violated? Where are the parent's rights of offensive, hateful, violent content being read to our children without consent?

The other issue that I have is gender books being read. My daughter came home and said that all the girls in her class are saying they are bi-sexual and Pan-Gender. I had to look up Pan-Gender as I didn't know the definition. These are topics that families should talk to their children about or guidance counselors not teachers!

I see that there are other lawsuits coming out with the SAU16. So, my question is that the route I need to take? One last question that I have is why we have a BLM member Andres Meija teaching about conflicting diversity?

Andres Meija states in an article that I read: Meija is listed as a board member for Black Lives Matter Seacoast. That group's website gives its mission: "Our purpose is to dismantle anti-Blackness, fight against racial injustices and end police brutality." During last year's election season, BLM Seacoast released a list of demands for candidates, including "no more school resource police officers."

This man does not even have an educational background. How was he hired at \$95,000?? This is what our property taxes goes toward?? Ridiculous!! What's next?? Let me also include we do not have police brutality in this area and what kind of example is this for our children? Is Andres Meija going to teach kids how to hate police officers. In the book A Good Kind of Trouble it suggests that police officers are bad, especially "white" police officers.

My questions are as follows:

1. Who chose this book to be read?
2. Why?
3. What disciplinary action will result?
4. Where was the 2 week opt out notice?
5. Why do we have a BLM director to pick vulgar books for kids of all ages?
6. How do we proceed? Do I need to get a lawyer?
- 7.

Sincerely,

---

Good afternoon [REDACTED]

I hope that you and your family had a relaxing time in Montana as you travel through the National Parks. I have attached policies IGE and BEDG for you to review. Policy IGE- Parental Objection to Specific Course Material does have a two week notice to parents if specific instruction is going to be in the instruction of human sexuality or human sexual education. At no time was human sexualtiy or human sexual education a part of the curriculum in your daughter's class last year. The school did reach out to you and looked to set up a meeting time to discuss concerns of materials that you found objectionable, however no meeting date was scheduled so that an alternative assignment could be agreed upon.

As for your question about modifying the board meeting minutes, I have included policy BEDG- Minutes so that you are aware of what is required to be captured in the minutes. If you believe that information has been left out, I again recommend that you send an email to myself and all three board members as general correspondence. In that general correspondence please indicate what you feel should be added or edited in the minutes for the board to review. All general correspondence to the board is attached to the board minutes and becomes part of the public minutes.

I am always willing to have a meeting at the SAU to assist you with your questions and concerns. Just as a reminder, the Kensington School Board meeting takes place at Kensington Elementary School and therefore Errick would have to address the board in person. Thank you and please let me know if you have any further questions.

Hi Chris,

Sorry for my lack of response on the board meeting minutes. We were traveling for 10 days in Montana through the National Parks.

Again, this issue has not been resolved with inappropriate reading material. By law, your teachers and staff are supposed to give a two week opt out notice for the inappropriate material being reading. I have contacted Frank Edeblut once again. I ask that I have a meeting at the next school board meeting to seek the answers that you do not want to provide in writing. Would this be done at KES or Exeter High?

Talk soon.

Good afternoon [REDACTED]

I understand that you are looking for an answer in writing, however I am not sure what you are asking us to answer as we have not had the chance to speak as a group about the concern you have raised. That is why I have invited Dr. Ryan, Mr. Mejia, Ms. Ruel, Ms. Plourde and myself to meet with you to discuss and understand the statements you have made about the teaching and curriculum that your daughter engaged in last year. Again, so that we can all be on the same page and together, please let us know your availability on Monday and Tuesday afternoon.

I need to be very specific with you Chris! What part do you NOT understand?? I want my simple questions answered in writing! I do not know why you seem to think you are more superior than me. You work for me, and I want my simple questions answered by you and your \$95,000k, DEI director Andres Mejia. Again, I will not let you run me around in circles this time around. You clearly are not going to answer my questions in writing. It is extremely frustrating to me that you do not realize that you and your teacher Kelsey Plourde have VIOLATED our child's Civil Rights. You leave me no other option than to seek a lawyer for a lawsuit. I will work as hard as I can to get DEI/CRT out of SAU16; just as other parents are in the SAU16 District. Teachers and Principals that assume this is OK need to be held accountable and be TERMINATED! You will be hearing from my attorney as you leave me and other parents no other choice! I hope you realize that when you play with fire you are going to get burned! I will not be complacent any longer! I wish you a blessed day.

Good morning [REDACTED] and [REDACTED],

As I stated in my responses on June 7 and June 8, we would welcome you to come meet with us at the SAU office to discuss this concern in greater depth. What is your availability next Monday or Tuesday afternoon? I look forward to scheduling a time to meet with you.

Dr. David Ryan and Chris Andriski I would like a reply to this email on Tuesday, August 10, 2021. Is this how you want to make children become "global citizens?" My e-mail was never fully resolved the last time I

questioned literature being read to my daughter's class. Perhaps you can refer to your DEI director to answer this question that I have. I find it discriminatory that my questions cannot be fully resolved/answered. David Ryan seems to send out Mass e-mails answering questions instead of dealing with parents directly; to answer questions parents seek. David Ryan, your salary is beyond an average income, you are paid very well. My husband and I pay an astronomical amount of property tax that goes directly to the SAU16. I would like a reply today for you to start answering my questions. I have lost faith in teachers and you being the Superintendent/leader of our SAU16 school district. David Ryan your trust has been broken so badly that I cannot send my daughter to school any longer. That is a HUGE PROBLEM. Please get back to me today before I need to seek alternative help to resolve this matter.

Thank you,

**Subject:** Gender Book

Good afternoon,,

It appears there has been a gender book read to Hannah's class. She came home saying that her female friends at school are saying that they are bisexual and pan gender. I'm not sure what Pan Gender is can you please enlighten me as to what Pan Gender is? Also what is two spirited?

I have married gay and lesbian friends but I've never heard of these other sexualities. I'm not HOMOPHOBIC, I love my gay friends. It appears that these books are confusing these children and I'm extremely concerned.

I look forward to having this discussion.
